Good afternoon Helen,

I hope all is well with you.

Please find attached a copy of the Site Investigation Work Plan for the DuPont Chambers Works Tenant Space Fluoroelastomer Market Development Lab (FMDL) Area, ISRA Case E2019176036. Although the Site Investigation Work Plan is not a document required by NJDEP regulation to be submitted, we are sending this in advance of the start of the field work for your information and to keep you updated on the progress of the ISRA case.

If you have any questions or require any additional, please do not hesitate to contact me.

Regards,

Thomas Geiger, P.E. (NJ), L.S.R.P.
